SGA President Candidates

June (James) Han – also running for Vice-President

As a President Candidate, I believe that I am the right person to be the representative of the CCC student body. One of my characteristics is 'sympathetic', in other words, I'm a loving person. I won't let any single person in CCC ever feel lonely or forgotten. What I see these days on campus is a significant number of disconnected people who desperately want a 'Connection' with others. Yes, That should be what CCC is all about. As a president, I will make sure that all students are openly accepted and embraced by others. No one ever feels isolated or disconnected, no matter who they are. As long as they are in the CCC community, they will be accepted, loved, and understood. Surely, I will make CCC the best place to love and be loved. Please, Select me! You will not be disappointed.

Julienne (Juki) Torrefranca

I believe I am suited for the Presidential Role because since I am young, I have been taking on leadership roles in school and in church. I served as a school Vice-President for two years and as a school officer for 4 years in total. In my Canadian education experience, I have been in a leadership role for 2 years and even responsible for birthing a creative club for students to express their artistic sides. I have been a church leader since I am 14 years old, leading a Youth Group and the Music Ministry. Today, I am a church leader leading the multimedia team in my local church and a discipleship class teacher - teaching students my age, younger and older about Jesus and the Word. On top of that, I closely work with the leaders of Canada Christian College and The River Worship, seeing how great the ministry is growing, I am confident that I am learning from the best leaders and mentors! So, I am excited to pour all of this to all of you. I believe that the SGA is a good opportunity for me to exercise my leadership skills and to enhance them as well. I also believe that my age is a strong attribute as I can easily manoeuvre the technologies of the modern, fast-growing, technological world, making it very easy for the student's voices to be heard and to make the connections easier from the offices to the classrooms and vice versa. At the end of the day, I love serving people and connecting people. It's always been my dream to work in a government institution and use my influence to lead people to Christ and His Word. But for now, I will take every opportunity to do so, one institution at a time. Vote Juki!

SGA Vice-President Candidates

Valorie Edwards

My name is Valorie Edwards, and I am very excited for the opportunity. I am a CCC student who strives for organization, clarity, and for everyone's voice to be heard. I have had many different experiences in my life that I believe prepare me for these positions. I have worked in administration for 5 plus years, growing tremendously in my communication, organization, and leadership. I make sure I go above and beyond in every situation, no matter what the outcome. I have also completed certificates and courses to catapult my skills needed for positions like these. I have been involved in sports, personal fitness, and physical activities since the age of four, throughout elementary school, secondary, and college. I am aware of the passion and abilities that are involved in most sports games, and understand the work that needs to go into planning any games/events. Overall, I am driven to not only communicate to everyone, but listen. The Lord speaks to each individual personally and differently, so I want to hear what everyone wants to say, and hear what the Lord speaks through them, to make the CCC student community an atmosphere where everyone feels loved, a sense of belonging, and that they are heard.

Surely, I will make CCC the best place to love and be loved. Please, Select me! You will not be disappointed.

Annie Rose Ramos

I believe that I am suited to become the Vice President of SGA because I have a long exposure to leadership most specially in the church. I am a deacon of my local church for almost 10 years now. I am a Sunday school teacher and had a chance to preach in the church occasionally. Also I organized the church gatherings and activities. And handling some Bible studies of the church. At work I do Supply Chain Planning and did other logistics coordinating for 8 years which gave me the experience to manage and organize. And it is always my desire to serve others, be an encourager to many and share the Gospel of God.

Blessing George-Igbinidu

Am best Suited for this position because I have always been a very good leader from my childhood, I have handled different roles back in Nigeria am a servant leader, am a genuine lover of people, integrity is my watch word, most of all I love to serve. Here in Canada, I have been able to put Nigerians in ccc together on whatsapp group, I handle church finances and head of ushering department. I believe I have all it takes to do any of the ones I showed interest. And I love to learn.

Secretary of SGA

Rachel Diarios

There is no better time to be given an opportunity in the school to become leaders than this time. To be a part of the student council comes with a huge responsibility and a vision. With that in mind, I aspire to be part of this team because I believe that engaging our very own students in a wide range of events, activities, and programs in the school and for the community can bring glory to our God both in strengthening the future workers of His kingdom and as the extension of His heart and hands to others around the area He has planted us in. I love God's people and so it is easy for me to be engaged with students in any culture and race. I am very willing and eager to serve and make time with the team and getting involved in the fellowship of the student body of our beloved school. Having SGA is a timely answered prayer for CCC and so I pray and hope that the students who will be elected in their respective positions will bring honour and glory to our one true King for this school year and more.

The Lord speaks to each individual personally and differently, so I want to hear what everyone wants to say, and hear what the Lord speaks through them, to make the CCC student community an atmosphere where everyone feels loved, a sense of belonging, and that they are heard.

Treasurer of SGA

Blessing George-Igbinidu

Am best Suited for this position because I have always been a very good leader from my childhood, I have handled different roles back in Nigeria am a servant leader, am a genuine lover of people, integrity is my watch word,most of all I love to serve. Here in Canada, I have been able to put Nigerians in ccc together on whatsapp group,I handle church finances and head of ushering department. I believe I have all it takes to do any of the ones I showed interest. And I love to learn.

Rowena Pigar

I implore to run for treasurer for the reason that I believe I will be able to render my support and service to the school as I have had the experience in handling finances and have served my leaders faithfully from the past. It is my desire to contribute with the best of my ability and time for I am looking forward to be a part of how God can move, in a very special way, and use Canada Christian College for His greater glory on this nation building.

Student Life Representative

Rachel Diarios

There is no better time to be given an opportunity in the school to become leaders than this time. To be a part of the student council comes with a huge responsibility and a vision. With that in mind, I aspire to be part of this team because I believe that engaging our very own students in a wide range of events, activities, and programs in the school and for the community can bring glory to our God both in strengthening the future workers of His kingdom and as the extension of His heart and hands to others around the area He has planted us in. I love God's people and so it is easy for me to be engaged with students in any culture and race. I am very willing and eager to serve and make time with the team and getting involved in the fellowship of the student body of our beloved school. Having SGA is a timely answered prayer for CCC and so I pray and hope that the students who will be elected in their respective positions will bring honour and glory to our one true King for this school year and more.

Jonathan Stephen

During our short time as students, it is supposed to be one of the best, and most memorable times of our life. My goal as a Student life Rep would be simple; to initiate student events so that when you look back at your time at Canada Christian College you would remember the things you learnt and also the fun activities you did with your friends, the relationships you were able to foster, the competitions and challenges ran by the student body that made you grow as a person. My goal is to enrich your student experience by creating a vibrant student life with regular events that would lead to a bigger and stronger community here at the college.

Creative Representative

Annie Rose Ramos

I believe that I am suited to become the Vice President of SGA because I have a long exposure to leadership most specially in the church. I am a deacon of my local church for almost 10 years now. I am a Sunday school teacher and had a chance to preach in the church occasionally. Also I organized the church gatherings and activities. And handling some Bible studies of the church. At work I do Supply Chain Planning and did other logistics coordinating for 8 years which gave me the experience to manage and organize. And it is always my desire to serve others, be an encourager to many and share the Gospel of God.

Hannah Lewis

I believe I am best suited for this role because along with my experience I have a great passion for reaching people through all things creative. As leader I will always be willing to learn and adapt to ensure everyone has a greater experience at the school. I am well organized and have been training in media, marketing, photography, and also editing. In terms of what I get out of this would be an opportunity to meeting more students and acquire more skills through this position.

SelvaRuban Henry Joseph

I have background in media. I am good in creative content writing and also in photography. I am also good in photoshop editing and creating more creative flyers or brochure. I have a wide range of creative way to advertise and also to promote and be truthful at my work following all the rules and ethics.

Ivonne Suárez

I am looking for experience and what better than having it at CCC I am a person who learns quickly and adapts quickly, I want to join the creative team since taking photos or being in the creative area fills me with a lot of emotion and I hope that God be using me in this role.

Azelia Elfreda

I think I am best suited for this role because first of all I have completed my bachelor's degree in Media and Communications, English Literature and Psychology. Some of the skills that I have learned is photography, videography, photo editing and video editing, how to create a story line for any piece of work like advertisements, short films, movies, interviews, and many more. I also worked as a social media analyst for a year before I came to CCC. I have always been passionate about using what the Lord has blessed me with in places where I can directly and indirectly give back to him. I think this is a fantastic opportunity for me to use my skills for the kingdom of God. I think I would be a perfect fit for this role as I am also a people's person, encouraging students and getting them involved in the school would be something that would drive me to do more in my role. Thank you for your consideration.

Athletic Representative

Ivonne Suárez

For the athletic area, I have always been a person on the move and with various sports, I feel that motivating other people to join recreational activities is something very nice.

Gabriel Dos Santos

I believe that I am best suited for the position because of my passion for fitness and self care. Every since I was in elementary school I always was part of some kind of sports team, not only did I enjoy being on the field or on the court, I did well in school. Being apart of a team not only did it teach me valuable lessons, it taught me how to persevere and that I can't do everything by myself. In my last year of high school, I was apart of only one team, I didn't play much during high school and I felt that I didn't have the discipline for personal growth . My social skills weren't the best, I would only communicate with the people that I knew and wouldn't go out of my way to make new friends. In the past five years I have become dedicated to become a better version of myself. Not only do I feel more confident in myself but I have broken out of my comfort zone. As a student Athletic Representative at Canada Christian College I will do my best so that everyone can have the best experience that they can have in college. My goal is to bring together a healthy and happy community of men and women of God. So that they can also become a better version on themselves, and more like our Lord and saviour Jesus Christ.

Valorie Edwards

My name is Valorie Edwards, and I am very excited for the opportunity. I am a CCC student who strives for organization, clarity, and for everyones voice to be heard. I have had many different experiences in my life that I believe prepare me for these positions. I have worked in administration for 5 plus years, growing tremendously in my communication, organization, and leadership. I make sure I go above and beyond in every situation, no matter what the outcome. I have also completed certificates and courses to catapult my skills needed for positions like these. I have been involved in sports, personal fitness, and physical activities since the age of four, throughout elementary school, secondary, and college. I am aware of the passion and abilities that are involved in most sports games, and understand the work that needs to go into planning any games/events. Overall, I am driven to not only communicate to everyone, but listen. The Lord speaks to each individual personally and differently, so I want to hear what everyone wants to say, and hear what the Lord speaks through them, to make the CCC student community an atmosphere where everyone feels loved, a sense of belonging, and that they are heard.
